

the arms of NGC 1672

Stellar Nursery in The barred spiral galaxy NGC 1672, showing up clusters NGC 1672's symmetric look is emphasised by the four principal of hot young blue stars along its spiral arms, and clouds of hydrogen gas glowing in red. Delicate curtains of dust parthe centre. tially obscure and redden the light of the tars behind them.

arms, edged by eye-catching dust lanes that extend out from
